

## **Grade 6 Supplies 2017-2018**

**Please note: These supplies must be maintained for the entire year. Students should also have access at home to basic school supplies (colored pencils, glue sticks, etc.).** It is a good idea to get higher-quality supplies, particularly for the binders (the more inexpensive ones tend to fall apart).

In an effort to try and help our 6th graders stay organized, we are suggesting specific colored binders and folders for each subject. It is not a requirement. Another tool that some students have found helpful is to have a folder book (folders attached together) or an accordion folder.
